Steps for completing this CRLMP Permitting Program Application

- 1 Prior to commencing any dock or ramp construction (including new construction or modification/expansion) within the Holyoke Project Boundary (FERC Licensed Project 2004), an applicant must submit to HG&E an application for permission for this work. This application must be submitted concurrently with the applicant's submittal of a Massachusetts DEP Waterways (Chapter 91) permit application. **A copy of your Massachusetts Chapter 91 application must be submitted to HG&E with this completed document and a copy of your property deed.**
- 2 Upon receipt of the Massachusetts DEP Waterways permit (and all other applicable State and Town permits), the applicant must forward a copy of all to HG&E.
- 3 Following receipt of all documents, HG&E shall issue to the applicant an approval or denial of the proposed dock or ramp construction.
- 4 The applicant must receive written approval from HG&E prior to commencing any dock or ramp construction.
